Sigma Pi is an international fraternity which has existed for nearly 125 years, the Alpha Iota Chapter of Sigma Pi has been on the Missouri S&T campus for almost 90 years. Our fraternal organization strives to maintain an aristocracy of learning, provide leadership to worthy campus activities, donate our time assisting the community, and developing character in our members. While applicants and recipients are under no obligations to affiliate with Sigma Pi to qualify for these scholarships, they may receive information about our chapter and Greek life.
