## Notes on GPA metrics:

- Metrics are based on the Active Members column. All GPAs are calculated from the members listed as Active, disregarding members on Co-Op, studying abroad, or marked as inactive or alumni members.
- Membership is determined through Greek Member Manager (GMM). Members that do not accept or are not offered a new or returning bid on GMM for the semester are not reflected in the grade report.
  - Members who were removed from the chapter but who were NOT removed from the roster on GMM are calculated in these metrics.
- Chapters and GPAs listed with a # are withheld from calculations as reporting them would be a violation of FERPA due to the number of students available for that metric.
