Primary Elections

Missouri Primaries are held on March 10th. More on:

- The importance of voting in the primary election. This is when each vote counts the most, because it gives people the ability to decide who the best candidate is. Unfortunately, many important phases of an election. This is when each vote counts the most, because it gives people the ability to decide who the best candidate is. Unfortunately, many people skip the primary election and only vote in the general election, many of them complaining that their party's candidate is not the one they would have chosen.
- The right to vote is an important one to exercise. It is a way of having a say in governmental actions that will affect your life in many ways. The act of voting is your opportunity for choosing the person who most resembles your own belief system. A vote is about more than selecting a candidate; it's about passing laws that will impact the quality of life of these passengers by getting them where they need to be. As a
